

# Operation Round-Up

As a member of Rural Electric Cooperative, you have a chance to help those who may be less fortunate than yourself. Operation Round-Up is a program developed to provide financial assistance to worthwhile individuals and organizations.

By agreeing to voluntarily roundup your electric bill to the nearest dollar, you are allowing us to establish funds to help our neighbors in need. All it takes is the generosity of you, and our other members. Some of the projects Operation Round-Up participates in includes providing medical care and equipment, food, clothing, housing, and many other needed services. The average yearly contribution from each participating cooperative member is about \$6. The most a member would contribute each year is \$11.88 and the least is 0 cents. Plus, contributions are tax deductible and participation is voluntary.

The funds collected by Operation Round-Up are administered by the Rural Electric Cooperative's Operation Round-Up Board.

If you feel Operation Round-Up is something in which you would like to be involved, please let us know by returning this card. Your voluntary contribution will begin immediately.

Please return this card with your electric bill to REC's headquarters.
